

Memorandum

Date: September 4, 2012

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

Agenda Item No. 8(F)(4)

From: Carlos A. Gimenez
Mayor

Subject: Recommendation for Approval to Award: Liquefied Petroleum Gas

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the award of a contract to Ferrellgas, LP for purchase of liquefied petroleum gas for various County departments.

Approval is also requested to allow the Miami-Dade Transit Department (MDT) to use Charter County Transportation Surtax funds as a component of MDT Operating funds for this contract. This award recommendation is placed for Committee review pursuant to Miami-Dade County Code Section 29-124(f). The MDT allocation within this award recommendation may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the filing with the Clerk of the Board of this award recommendation. If the CITT has not forwarded a recommendation and 45 days have not elapsed since the filing of this award recommendation, I will request a withdrawal of the MDT allocation from this item.

Due Diligence

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine Contractor responsibility, including verifying corporate status and that there are no performance or compliance issues. The lists that were referenced include: convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to contractor responsibility. This information is being provided pursuant to Resolution R-187-12.

Applicable Ordinances and Contract Measures

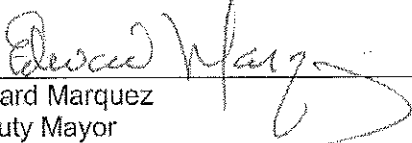

The Small Business Enterprise Bid Preference and Local Preference were applied in accordance with the applicable ordinances where permitted by funding source. The services being provided are not covered under the Living Wage Ordinance. This contract includes the 2% User Access Program provision which will be collected on all purchases where permitted by funding source.

Background

An Invitation to Bid was issued under full and open competition on January 26, 2012 for purchase of liquefied petroleum gas for various County departments. Liquefied petroleum gas is used by County departments in one or more of the following ways: (1) fuel appliances (stoves and ovens) to prepare meals for inmates and staff, (2) power forklifts and other mobile materials handling equipment that operate inside warehouses or other enclosed areas where emissions and vapors from different types of fuel would create hazardous, health, or safety problems, (3) provide ignition and heat source to power kilns used in water treatment and in large incinerators to burn items, and (4) power large generators and water pumps manufactured to work with liquefied petroleum gas or natural gas.

Under the County's existing liquefied petroleum gas contract, liquefied petroleum gas is purchased per gallon for bulk deliveries and per pound for delivery in cylinders. Bulk deliveries are made to storage tanks owned by the County. The vendor provides smaller cylinders used for powering forklifts and other equipment uses. The price is fixed for six months. Price adjustments are allowed based on a six-month analysis of the average movement of the liquefied petroleum gas price index report published by the Oil Price Information Service, an industry source for petroleum pricing and news information.

Prior to advertising this solicitation, staff conducted market research that suggested better pricing is available by contracting for liquefied petroleum gas using an index and an adder price, instead of a per gallon price. The method of award for this solicitation was to the responsive and responsible bidder offering the lowest firm and fixed adder price per gallon. This method has been successfully used by the State of Florida and Palm Beach County. The vendor will be required to hold the adder price fixed and firm for the five-year term of the contract, and for any subsequent options-to-renew that may be exercised by the County. The Oil Price Information Service index price may move up or down, depending on commodity prices. Currently, liquefied petroleum gas commodity prices are at a ten-year average low, due to oversupply and lower demand. The proposed contract amount is based on current usage.
